# nismo 350 Z

## **Background**

- The *nismo* Z is a customized limited edition version of the 350Z sports car. Developed by Autech of Japan with input from NNA Product Planning. [Production will be less than 10% of (US) 350Z volume]
- The *nismo* Z is intended to be a halo vehicle that enhances the Nissan Z brand by offering a higher level of handling, stability, steering precision & response and agility than the base vehicle.
- The unique design of the *nismo* Z is inspired by the GT competition version of the 350Z.

## **MSRP**

(To Be Confirmed)

MY 2007 Enthusiast 350Z:	\$29,600
NISMO Package:	\$ 7,850 (TBC)

- Available colors Silver, Black, Red and White only (No Options available with this trim level)
- Start of sales will be Summer 2007
- Production will be less than 10% of (US) 350Z volume

## **Media Feedback**

### **Road and Track**

"...top brass didn't feel they needed to resort to marketing gimmicks (the Z is still experiencing consistently solid sales), so they decided to keep things simple and create a car with real high-performance improvements.... the new Nismo 350Z is a legitimate addition to the lineup should be evident when you look at its restyled bodywork." - **Sam Mitani**
